**Site address details : COURTENAY COTTAGE,PLYMOUTH ROAD,PL19 9DS**

Notification for installation under telecommunications code system operators of

one 10.5 mtr wooden pole. The pole will be installed with 9 mtrs above ground. I

have attached a copy of the 28-day notice letter along with a plan indicating the

pole along this route. Should you require any further information, please do not

hesitate to contact me.

Kind regards

*Tina Barrett*

Airband are an internet service provider who have been commissioned by local county councils to construct a new **ultrafast fibre network in your area.**

The build is focused on **bringing speeds of up to 900Mbps** to areas where fibre connections are not available, and as such, we are building near you.

In order to keep disruption to a minimum, we aim to use existing Openreach infrastructure wherever possible. However, where there are gaps in their infrastructure we look to install new apparatus to infill to ensure that we can offer a service to as many people as possible, and as such, **we require to install a new pole in this location.**

Town and Country Planning (General Permitted Development) Order 2016 (amended) (England) and The Electric Communications Code (conditions and restrictions) Regulations 2003 (amended).

Proposed installation consisting of one new telegraph pole for the provision of FTTP.

Located at: COURTENAY COTTAGE,PLYMOUTH ROAD,PL19 9DS

Project Reference: NF054.4-P-O-0177

Airband Community Internet plc hereby gives notice that they intend to install a pole(s) pursuant to the Town and Country Planning (General Permitted Development) Order 2016 (amended) (England) and The Electric Communications Code (conditions and restrictions) Regulations 2003 (amended).

Here at Airband we are always happy to discuss the installation of our apparatus to ensure that everyone's voices are heard so please get in contact if you have any queries.

(Proposed Locations) COURTENAY COTTAGE,PLYMOUTH ROAD, TAVISTOCK, PL19 9DS

Overview.

The plan is to install one pole at 10.5 metres high (9 mtrs above ground) in the area, as indicated by the red dot on the map below.

The approximate location are plotted on the following maps along with the Eastings and Northings, this is indicative and may move slightly but it will not be a large movement due to span lengths etc
