Prior to the commencement of the Meeting, Members received a presentation from Councillor Graham Parker (West Devon Borough Council) and Thomas Jones (Planning Officer – West Devon/South Hams Councils) in respect of the emerging Plymouth & South West Devon Joint Local Plan.

An apology was given in respect of the errors contained within the original document submitted for consultation, that is, that the proposed development area in New Launceston Road, Tavistock had been incorrectly identified within the Plan document.

In view of the above, Tavistock Town Council had been given the opportunity to amend, and re-submit, its response to Planning Application 2022/2016/OPA (see Minute 73 below).

A copy of the presentation given was forwarded to all Members for future reference.

**73. TOWN PLANNING ISSUES**

- i. following the presentation given prior to the start of the Meeting, the following amended response was submitted to the local Planning Authority in respect of Planning Application 2022/2016/OPA - Outline application (with some matters reserved) construction of up to 148 dwellings, including affordable and market housing, areas of open space and landscaping, a new vehicular access and associated site infrastructure at New Launceston Road, Tavistock.

Original response;

'Tavistock Town Council objects to this application on the grounds that the application site;

- does not wholly fall within the area designated for development in the Local Plan;
- represents an undesirable extension of built development into the open countryside
- is served by an unsatisfactory access onto the highway in a location where the highway is inadequate to accommodate the volume and flows of projected consequential traffic movements

The Council was later advised that the development plan contained within the emerging Local Plan was incorrect (it was subsequently revised), so the first bullet point is incorrect.

Supplementary comment;

'Tavistock Town Council appreciates that an error had been made, and was incorrectly under the impression that the site in question had not been allocated. Nevertheless it is still very concerned that the highway is inadequate. Tavistock Town Council therefore still opposes this development on the grounds that the road infrastructure is incapable of handling the additional traffic this development will inevitably create, particularly in conjunction with the proposed development on Callington Road, which has Outline Planning Consent for up to 750 houses'.

**74. GENERAL CORRESPONDENCE**

No items had been received

**75. PLANNING DECISIONS and APPLICATIONS**
