

AGENDA ITEM 8b

REQUEST FOR A LETTER OF SUPPORT FROM TAVISTOCK TOWN COUNCIL TO SUPPORT A GRANT APPLICATION

I am hopefully running a focussed meeting with committee from Residents' Association and Debo to look at a vision for a play area / community space in Greenlands, on Wednesday 6th of November at 4.30pm at St Peter's School tbc. You are welcome to attend, I am not sure yet what the vision will be but I am trying to get a clearer idea.

I am potentially interested in funding from pocket parks which are grants for £15,000-25,000 for rejuvenating or creating small parks / greenspaces. This involves a partnership between a community group and the local council. I have included the information I have. This closes at the end of December so I would welcome your support with this project should it go ahead. At the moment I need to understand the processes to get council support by the end of December, I see there is a main meeting on 3rd of December, please could you advise me how to go about this?

We would also need to research any planning implications and get permission from land owner which would be either LiveWest or WDBC.

Many Thanks

Alison Knight
